

Cruisers,

Well, another successful car show season has ended! We have made a comeback from the Covid year of 2020. We are grateful for all the cruisers that helped keep our doors open the past couple of years while we got most of the car shows going again. We want to keep this hobby healthy for many years to come.

As we put away our toys for the year and prepare for the cold winter blast, we remember all of the friendships we have made in the past 35 years with the car shows and cruise nights we have done! We couldn't do this without all of you!

And, so as we prepare for another season, we hope that you all have your health and family to keep you going for another season of shows with our car show family! If you have any questions on any of our events, feel free to contact either of us, and we will do our best to help you out!

Dave and I will keep the shows going as long as our health holds up. You and all the beautiful cars, trucks, and bikes are what we live for and what keeps us going all year long. In the winter, we watch car programs and auctions on TV every chance we get. Mecum and Barrett-Jackson are always fun to watch, whether live or a delayed broadcast. We watch as you build or restore your vehicles on facebook too! We love you all and your rides too! David & Susan
